Kavita Jha	18th Oct
Saziya Landge	29th Oct

FROM THE PRINCIPAL'S DESK...

We decree how we curate our lives, and the way we curate them defines us.

Derived through a process of cultural socialization, Integrity imprints the child from all spheres of life. For a student, the school environment plays a role of vital importance. At N. L. Dalmia High School, the value of integrity is taught as a life lesson. Students acquire values like honesty and respect through the medium of active learning, healthy competitions as well as participation in various events. These opportunities nurture the nature of the child with reference to learning of values.

Integrity means 'moral soundness'. When students learn integrity in the classroom settings, it helps them apply similar principles to other aspects of their lives. Thus, integrity forms the base of social harmony. Defying the societal forces that test integrity, children deserve a world that idealizes truth, honesty, and justice above everything else. Since the academic curriculum is constantly and rigorously updated to meet the swelling weights of a changing society; the practice of integrity makes education a smooth journey. At school, we pay attention to the habits that build ethical leaders for tomorrow. In other words, we constructively refine the habits of the students that develop during childhood and adolescence. This is simply because we have the future of the society sitting in our classrooms today!

Dear student, in a nutshell, Integrity means doing the right thing even when nobody is watching you. It takes immense courage to ignore the temptations and resolute to act in an ethical manner; however, make integrity you habit, and watch how your life transforms to the better!

Practicing the value of integrity helps you remain firm on your values and resolutions. It is also integrity that improves all the other values including courage, intelligence, and persistence. In life, we are constantly tested on the ethical and moral stance we hold. The influence of our peers imprints the formation of our decisions. In such a scenario, the virtue of integrity makes it imperative for us to gauge the right from the wrong. An indispensable quality, Integrity makes our ethical quotient stronger.

Dr. Seema Saini
CEO and Principal

SCHOOL EVENT

'The Journey to Triumphs' - Founder's Day Celebration

N.L. Dalmia School celebrated its 32nd Founder's Day amidst great zest, vibrancy and elation.

The esteemed guests Chairman of N.L. Dalmia Educational Society, Shri Shivkumar Dalmia, Honorary Secretary of N.L. Dalmia Educational Society, Mr. Shailesh Dalmia, Smt. Umaji Dalmia, Mrs. Natasha Dalmia, Mr. Mudit Dalmia, Mr. Paul Machado, Director of N.L. Dalmia High School and Dr. Seema Saini, CEO of N. L. Dalmia Educational Society & Principal of the School were welcomed by the guard of honour.

The School paid tribute to late Shri Niranjanlal Dalmia, Founder Chairman N.L. Dalmia Educational Society.

The programme commenced with the auspicious lamp lighting ceremony followed by a heart-felt prayer to God Almighty. This entailed the bouquet presentation to our honourable dignitaries.

The sterling achievers, Ms. Arya Desai, Mst. Utkarsh Kumar, Ms. Ishika Gupta and Mst. Ankit Singh, who excelled at the ICSE and ISC Examinations 2021-22 were then honoured with a Silver Plaque and a Cash Prize. The toppers were also felicitated with a Plant of Hope, an initiative taken by the School to honour the achievers with a bountiful tree at Trees for Tigers, at Sundarbans National Park, West Bengal.

The ICSE and ISC Toppers addressed the gathering. In their speech they thanked their parents and the school for the undoubted faith in their capabilities to help them soar greater heights!

Next, the Principal Dr. Seema Saini presented the annual report and highlighted the numerous awards and recognitions conferred on the school by various reputed institutions and establishments. She also spoke about the achievements of students at National and International competitions.

Taking the report further, the students apprised the audience of the achievements in cultural and literary competitions, external examinations, seminars, workshops and virtual events organised by the School.

Principal Dr. Seema Saini concluded the report by paying gratitude to the management and appreciated the efforts of the entire staff, students and parents for their support and cooperation at all times.

Mr. Shailesh Dalmia, in his address apprised of the wonderful and exciting opportunities that lie in store for the future. Stressing upon the progress made by the auto industry, he spoke of how Artificial Intelligence is all set to bring upon a revolution in this sphere. He advised the students to embrace the future and the endless possibilities it has to offer thus unfolding myriad opportunities that are waiting to be explored.

'One cannot change the direction of the wind, but one can adjust the sails to always reach the destination. Our very survival depends on our ability to stay awake, to remain vigilant and to face every challenge.'

Echoing this very thought, the students of the School put up an exuberant Cultural Programme in the form of a Musical- 'The Journey to Triumphs'. The Musical bespoke the challenging journey of Moana who was on a quest to restore the stolen heart of an island. The eventful day came to an end with a formal vote of thanks proposed by the School Captain, Ms. Mihika Khadloya followed by a rendition of the National Anthem.

Welcoming the Dignitaries

ISC REPORT

Grade XI - Economics - Statistical Life

The students of grade XI (Commerce and Humanities) had a magnificent experience in presenting a diagrammatic showcase of Statistics. Broadening their horizons through collaborative learning, students enjoyed the chart work.

Ms. Brajpriya Gadhari - XI - C

Grade XI - English - Crossword Puzzles

Apart from improving the vocabulary and increasing the knowledge of the students, crossword puzzles develop memory skills of the students. While completing the puzzle, children paid close attention to vocabulary, meanings and its application. The experience of completing a crossword puzzle, aided students to accept challenges and overcome vocabulary huddles.

Ms. Ishita Juss - XI - D

Grade XI - Economics - Sustainable Development

The students of Commerce and Humanities collaborated with one another to grasp the concepts of 'Sustainable Development' in an enjoyable manner. This was a remarkable experience for the participants as well as the audience.

Ms. Avni Gupta - XI - C

Grade XI - Economics- Dumb Charades

The students of class XI C and D explored the basic concepts of Economics using the game 'Dumb-Charades', under the assistance of Ms. Mamta Vankani (Teacher, Economics). The class was divided into groups of two for the interactive game with their peers, filled with laughter and glee as they tried to figure out the correct concept. Students recalled all the concepts clearly throughout the process.

Mst. Hanif Alam - XI - C

SECONDARY SECTION

National Sports Day

In order to highlight the importance of adapting to a healthy and fit lifestyle the school celebrated National Sports Day with great zeal. This promoted awareness about the value of sports, discipline, perseverance, sportsman spirit and teamwork. Myriad of indoor and outdoor activities were organized for the students of different age groups. The children whole heartedly participated in the activities suiting their interest.

Hindi Divas

Hindi Divas was celebrated in the school following the template of the Morning Assembly conducted by the students. The unique feature of the assembly was its language! The students highlighted the significance of the National Language, its impact on people and the history of how the language has developed. Stories created a further interest in the listeners. The assembly ended on a positive note with an expression of gratitude and love towards the Language- Hindi!

MSR Activity - Prithvi House

Animal protection is education to humanity! Owing to this thought, Prithvi House of the Secondary Section took up the Social Responsibility of visiting an animal care centre. Compassion towards animals is intimately associated with goodness of character. Children were overwhelmed to watch these innocent animals. This visit helped sensitize our students into understanding that animals too have a heart that yearns to be loved and cared for.

EUMIND - Cultural Exchange

N.L. Dalmia High School, in collaboration with Groen Van Prinstererlyceum continued to celebrate the 75th year of freedom, by sharing information about our national symbols, leaders, freedom fighters and achievers. The zoom session conducted on 26th August 2022, involving 30 students of each school brought to light culture and tradition of each country. The most amazing part of the event, was that it lasted for one and a half hour was the Netherlands students singing and dancing to the tunes of Hindi songs.

PRIMARY SECTION

Grade I - English - Nouns Activity

Teaching young children, the way language works is incredibly important. To make this basic and essential concept easily understandable to Grade I learners, a digital platform was introduced to make the teaching methodology more interesting and fun-filled. Students were able to identify names, places, animals and things.

Grade I - English - Script Reading

The reading skills of a student defines his ability to comprehend his success toward the given curriculum. Reading was fun and imaginative time, that opened doors of new explorations. Students were divided into groups whereas each student was assigned the dialogue of the character to read.

Grade II - EVS - Animals: Mask Making

To promote experiential learning, a Mask Making Activity was conducted for the students of Grade II. A creative presentation was showcased by the talented artists. The main objective was to unleash the creative skills and artwork through their imagination, demonstrate motor skills by colouring, cutting and assembling an animal mask.

Grade II - EVS - Types of Plant

Grade II conducted Leaf Activity to explore more about leaf. Students were given the opportunity to know the different parts of the leaf and plants. This activity enabled students to identify names of trees by their leaves.

Grade III - Math - Roman Numbers

To teach students about Roman Numbers and its position in the clock, they were guided to prepare a paper clock in the classroom. Integrating art with mathematics made learning more interactive and creative. Roman numerals tend to make a great addition to the math curriculum for any age, thus being able to read Roman numerals assists students in being culturally literate.

Grade III - English - The Wooden Bowl

Grandparents play an important role in their grandchildren's lives. "The Wooden Bowl"- a lesson in English, talks about the relationship between the grandparents and grandchildren. To make this a personal experience, the students were asked to make a token of love in the form of a colourful Greeting card. They also expressed their love through a heartfelt message written in the card for their grandparents.

PRIMARY SECTION

Grade IV - Science - Model of Teeth

The students of Grade IV made a model of the teeth with the help of clay and explained it in the class. They learnt the different elements of the teeth by doing this. Apart from learning about the four major types of teeth, students were joyful to showcase their work of art!

Grade IV - Math - Multiplication and Division Fact

Multiplication games are a great way to supplement regular math lessons. An interesting outdoor activity was organized for the students of Grade IV. Students used pictorial representations and arrays with the support of the teacher.

Grade V - Junior Master Chef - Season 9

Students of Grade V donned their caps and aprons in the Junior Master Chef Season 9 to exhibit their culinary skills. The activity not only gave the opportunity to unleash talent and creativity, but also students learnt time management, team building and organizational skills.

PRE - PRIMARY SECTION

Janmastami Celebration

Krishna Janmastami was celebrated with full fervor as the pre-primary section hosted traditional festivities, children dressed as Lord Krishna and Radha. Also known as 'Gokulashtami' this day is celebrated to commemorate the birth of Lord Krishna. According to the legends, the eighth son of Devki, Lord Krishna was born on the 8th day of the dark fortnight of the month of Bhadrapada (August-September).

Jr. Kg. Recapitulation

Helping the children to recall what they have already learnt is important because, relating the newly learnt information to prior knowledge enhances learning. It is an effective way of revising old lessons, alongside it enhances the memory of the learners, thereby strengthening learning.

Sun Flower - Birthday Celebration

Birthdays are celebrated in Sun Flower to make the person feel special. This month Sunflower birthday party was one 'FRUITASTIC' celebration. The children came dressed as fruits and had fun cutting the cake, singing fruit rhymes.

Sr. Kg. Math Lab

The Sr. Kg. section is proud to create our first own Math lab. It enables the child to visualize, explore, experience and enjoy math concepts. Mathematics is the science that deals with the logic of shape, quantity and arrangement. Math is all around us, in everything we do and this lab allows the children to learn in a fun way. It further provides an effective way of building mental discipline. It encourages logical reasoning and mental rigor.

PRE - PRIMARY SECTION

Show and Tell

To improve the communication skills and develop self-confidence in children, 'Show & Tell' is an integral part of our curriculum. The Sr. Kg & the Jr. Kg children displayed their enhanced vocabulary skills and made this event enriching for all.

SCHOOL UPDATES

School Accolades

3/9/2022 - Education Excellence Award

The principal Dr. Seema Saini was felicitated with Education Excellence Award at the hands of the Governor of Maharashtra, Shri Bhagat Singh Koshiyari at Raj Bhavan.

9/9/2022 - Mega - Plastics Waste Collection Drive - Mumbai, 2022

N.L. Dalmia High School, in assistance with the Indian Centre for Plastics in the Environment (ICPE) extended its support to work to address Environmental, Social and Technical issues with respect to plastics. This collaboration held a specific emphasis on plastic waste management. The school cooperated towards environment conservation and put its significant efforts into making our environment a sustainable place to live. A week-long collection drive created this success. A total 121 Waste Plastic was collected. Our school has received the 2nd prize at the regional level. (Virtual felicitation ceremony was held on the 9th of September)
